August 2010

Dear colleague

Your sector needs you!

Middlesbrough Community Network (MCN) has a number of vacancies for individuals from local voluntary and community organisations to become MCN representatives in the areas of:

- Children and young people
- Environment
- Stronger communities
- Transport

The role of MCN representative provides an opportunity to inform and influence local planning by providing views from the frontline. For the individual concerned, it also provides an opportunity for personal and professional development. MCN representatives will receive training and support to help them in their role.

Please find attached an information pack which provides further information about MCN, the role of MCN representative and the opportunities available. It also includes a nomination form. If you think you or someone from your organisation may be interested, MVDA's Planning and Partnership Officers will be happy to talk it through with you (contacts are included in the attached document). If you're unsure who to speak to, contact our general office on the above telephone number.

I hope your organisation will consider putting forward a nomination.

Yours sincerely

Mark Davis
Planning and Partnership Team Leader
